Home Assistance

Personal care after a hospital stay.

Home Assistance provides practical, hands-on support to people following a pre-planned hospital stay of two nights or more.
The service can assist with personal care tasks and domestic chores.

Providing support for a smooth road to recovery

Home Assistance provides members with practical help if needed after hospital treatment. By taking care of daily tasks and household chores, it allows people to concentrate on their recovery.

A helping hand with after a hospital stay

Home Assistance is valued for its hands-on support after a pre-planned hospital stay. The service assists with personal care tasks such as bathing, showering, and bedtime routines, as well as domestic chores like household cleaning and essential shopping.

Help when you need it most

Practical assistance for patients recuperating at home
Personal care, daily tasks and house-hold chores
Allows patients to concentrate on their recovery

Wellbeing Service

A simple, straightforward way to support people while they heal from injury or illness
Home Assistance provides practical and compassionate support to people during their vulnerable time of recovery after a hospital stay. This service steps in to handle everyday tasks and personal care, allowing members to focus on regaining their health. It's a comforting benefit for challeging times.

My Home Assistance is provided on behalf of Health Shield by Grace Consulting
